Digatrade Provides Shareholder Update

ACCESSWIRE – March 18, 2020

Vancouver, British Columbia / ACCESSWIRE / March 18, 2020 - DIGATRADE FINANCIAL CORP (OTCPK: DIGAF), www.DigatradeFinancial.com a financial technology services company, and its subsidiary Securter Systems Inc., have today announced the following.

Here are the highlights of our technical progress so far:

- Project kick-off: Finalized technical implementation team and established development process
- Refined product design, technical architecture and technology stack
- Completed mobile application UX concept
- Started building a product foundation.

To elaborate on the above, we have started with software platform development at the beginning of this month.

Our current plan is to continue refining product design using prototyping approach and mitigate technical risks.

Further information will be made available as it materializes.

ABOUT DIGATRADE

DIGATRADE is a Financial Technology “fintech” services company. Digatrade is developing various payment industry process improvements that are proprietary. They

represent a next generation platform for security and convenience in a variety of modalities, including online credit card payment system, globally, through its new subsidiary; Securter Systems, Inc. Digatrade is targeting numerous fintech service licensing vehicles, also including blockchain derived applications. Digatrade Financial Corp. is located in Vancouver, British Columbia, and publicly listed on the OTC.PK under the trading symbol DIGAF. DIGAF is a reporting issuer in the Province of British Columbia, Canada with the British Columbia Securities Commission "BCSC" and in the United States with the Securities Exchange Commission "SEC".

ABOUT SECURTER

Securter Systems, Inc. is a subsidiary of Digatrade Financial Corp. that is developing proprietary, patent-pending credit card payment platform innovations to increase the security of online credit card payment processing, globally. Securter technology reduces immense losses by financial institutions and merchants that arise from fraudulent credit card use. Securter technology also protects cardholder privacy by eliminating the need to distribute credit card details to multiple commercial 3rd parties, where such information is ordinarily stored, becoming vulnerable to theft or manipulation. Securter technology can and will be integrated into complementary payment methods and fintech protocols, including cryptocurrency and other blockchain derivatives to come for independent platforms. Securter has internal R&D capability and management as well as external fintech business relationships to support Digatrade's overall business mission.

Forward-Looking Information

This press release contains certain "forward-looking information". All statements, other than statements of historical fact, that address activities, events or development that the Company believes, expects or anticipates will or may occur in the future constitute

forward-looking information. This forward-looking information reflects the current expectations or beliefs of the company based on information currently available to the Company. Forward-looking information is subject to a number of significant risks and uncertainties and other factors that may cause the actual results of the Company to differ materially from those discussed in the forward-looking information, and even if such actual results are realized or substantially realized, there can be no assurance that they will have the expected consequences to, or effects on the Company. Factors that could cause actual results or events to differ materially from current expectations include, but are not limited to, the possibility of unanticipated costs and expenses. Technology development may be delayed indefinitely until the Company is able to raise the necessary capital. Any forward-looking information speaks only as of the date on which it is made and, except as may be required by applicable securities laws, the company disclaims any intent or obligation to update any forward-looking information whether as a result of new information, future events or results or otherwise. Although the Company believes that the assumptions inherent in the forward-looking information are reasonable, forward-looking information is not a guarantee of future performance and accordingly undue reliance should not be put on such information due to the inherent uncertainty therein.
